Kelly:

As per the below e-mail communication, the tree trimming at Douglass Loop cost \$3000, which was split equally between Tom Owen's NDF and Metro Development Authority.

Tom Owen agrees to fund with \$1500 from his NDF. I assume we will transfer the funds to PW with Alan as the contact person?

Karen,

Sorry for the first email. I responded before I got to this one. Please just let me know when Tom makes a decision and I will get the ball rolling. I also remember that the cost was going to be split between your office and Drew.

Tom is out of town but following e-mails on his laptop. Let's see what he has to say about the price. As I recall the discussion was that our offices would split the cost?

The price is fine with me. I would like to be out there before he begins any work.

Thanks.

Not yet. Please let this email serve as the estimate for the work. I was mistaken on the contractor and it is now the Bob Ray Company. I met with on site on Friday and he gave me a price not to exceed \$3,000.00. I told him that sounded high and he said they would do everything to keep the price down. I can delete trimming the sidewalk edge of all the Taxus shrubs and that could bring it down some. I think they really want the work so I feel like I can work on them regarding the price. I guess I need an OK from you and Karen to proceed. Thanks everyone.

Hi Alan,

Have you scheduled a date for Beachwood to trim the trees on Douglass Loop? I would like to be there to talk to him after you do.

Thanks, Drew
